SKILLS

Soft Skill

- Creativity
- Time Management
- Flexibility and Adaptability
- Teamwork and Collaboration
- Analytic and Critical Thinking

Abilities

- Web developer (Full stack).
- Image processing.
- Cloud.
- Mobile developer

Programming Languages

- Python   JavaScript(ES6)
- HTML   SQL
- CSS   Go
- PHP

Libraries & Frameworks

- React   Robot Framework
- YOLO   Flask
- JQuery   Tailwind CSS
- SAP UI5

Tools & Platforms

- Git   AWS
- GoCD   Jenkins
- Docker   Terraform

Design

- Figma   Photoshop
- Canva

Language

- Thai   (Native)
- English   (Intermediate)

EDUCATION

King Mongkut's Institute of Technology Ladkrabang (2021 - 2023)
GPA : 3.26
(Bachelor of Computer Engineering)

Pattani Technical College (2019 - 2021)
GPA : 3.70
(Department of Computer Technology)

PROJECT EXPERIENCE

Front-end Builder
Present
- Front-end Builder is a low-code tool designed for building front-end web pages swiftly, enabling users to create and customize web interfaces efficiently. It enhances convenience in API testing, providing a clearer visualization of API results.

Sketch-2-Code
25 Oct 2023
- This project incorporates a system that leverages image processing technology to read images and generate HTML files with processed images. The system utilizes the Yolov5 and Yolov7 models for object detection on images and is proficient in converting images in various formats such as JPEG and PNG into HTML code.

Gintuay.com (Front-end,Back-end)
23 Nov 2022
- This application is a web-based platform dedicated to a Food Delivery System, developed using HTML, CSS, and ASP.NET technologies. The system is designed to facilitate seamless and efficient food ordering and delivery processes.

INTERNSHIP

Infrastructure @ Krungsri Auto
01 Jun 2023 - 30 Sep 2023
- Interned in app development, focused on GoCD pipeline. Managed builds, conducted tests, and oversaw implementation. Enhanced skills in backend and web app pipelines. Collaborated with DevOps teams, gaining insight into infrastructure. Ready to apply knowledge and skills to future projects for continued growth.

WORK EXPERIENCE

Junior Consultant @ I AM Consulting Co., Ltd.
01 Apr 2024 - Current
- SAP Fiori Technical Consultant with 5 month's experience in designing and developing application by using SAPUI5 Framework

----

ACHIEVEMENTS

- **HPE Aruba academy College Network Enterprise Competition Advantage 2021**
- **2 Runner up AFT 2021 Networking Management**
- **Innovation and Invention Based on Research Methodology Contests 2020**
